Chapter 1 by GodFather

It is Valentine's day in Bloomfield Hills, MI. Wendy Robbins waits patiently in her house for a Valentines Day date to show up. She made sure to buy an expensive dress just to make sure that her date will enjoy his time that he spends with her. She hears a knock at the door and excitedly opens the door. everything was perfect because she had seen that her date had not bailed on her. He gives her light blue roses and a card which she quickly opens to read. As she reads the card which obviously took a lot of effort to make, she feels something sharp pierce her stomach. She looks down to see her blue dress drench in blood and looks up in horror. Before she can scream for help, the man quickly slashes across her throat with his bloody butcher knife before he goes into a stabbing frenzy. He feels a rush of adrenaline until he finally decides to stop and clean off his knife with the drapes of a window down the hall. Her blood had drenched the unpainted walls of the house and the murderer smiled with a twisted look of delight. He checks his schedule to see where he has to drive for his next murderous date surprise and gets into his black Mercedes-Benz C-Class car and exits the neighborhood without any trouble as nobody had witnessed what twisted even had played out around them.
